£12.00

**HEPPLE**  
GIN

*The Goring is delighted to welcome Hepple Gin, an award-winning spirit made in the hills of Hepple, to Belgravia. The Moorland Spirit Company has developed a revolutionary method that reveals more complete, delicate flavours in the gin than is possible with conventional methods alone. Hepple is created with junipers that grow around the distillery, alongside other botanicals harvested from the wild Northumberland moors.*
