

The Goring

Private dining

People love coming to The Goring because – quite apart from the fabulous comfort and service – it’s so utterly different.

5-star quality and luxury are here in abundance, but there’s a “certain something” in our style – an Englishness, traditional yet entirely in tune with the 21st century.

Successful private events are a skillful blend of atmosphere, food, wine and service, carefully orchestrated to match the host's choice of guests. At The Goring we have a century's worth of expertise in helping to create wonderful parties, lunches, dinners and celebrations for the finest gatherings in the land.

What makes The Goring stand out from the crowd is our absolute distinctiveness: family owned and family run for one hundred years. A real passion for hospitality is in our soul and nobody will ever think of us as just another hotel. When you plan a private event at The Goring, we promise you something special and memorable.
