

The Goring

Weddings

The Goring offers the perfect backdrop to a wedding of distinction: elegant and glamorous, calm and unflustered. The hotel has all the pedigree you expect from a top London destination, as well as a secluded location next to Buckingham Palace.

At The Goring we never forget that, when it comes to a wedding, the bridal couple and their guests are the stars of the show. Our role is to provide a delightful setting, wonderful food, Champagne and wines, backed up by service so expert that it is barely perceptible.

The Goring's spacious private garden is ideal for a marquee. We also offer a choice of private rooms within the hotel – perhaps for a civil ceremony. The guest bedrooms and suites are of legendary comfort and tranquillity. A wedding should be the performance of a lifetime and at The Goring we make it both our business and our pleasure to set the perfect stage.

In addition to the formidable standards of service and attention that every guest receives at The Goring, we can also arrange for the very best suppliers to attend to your wedding requirements: florists, photographers, limousines, horse-drawn carriages, toastmasters – whatever the profession, you can rest assured that their quality is first class.
